1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best life chances.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular, this policy should be read in conjunction with the Safer Recruitment Policy, Behaviour Policy, Self-harm Policy, Physical Intervention Policy, Anti-Bullying Policy, Code of Conduct/Staff Behaviour Policy, E-safety Policy and ICT Acceptable Usage Policy.

<p>Purpose of a Child Protection Policy</p>	<p>To inform staff, parents, volunteers and trustees about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.</p>
<p>Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures</p>	<p>The school follows the procedures established by the Hertfordshire Safeguarding Children Board; a guide to procedure and practice for all agencies in Hertfordshire working with children and their families. www.hertssafeguarding.org.uk</p>
<p>School Staff & Volunteers</p>	<p>All school and college staff have a responsibility to provide a safe environment in which children can learn.</p> <p>School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.</p> <p>All school staff will receive appropriate Introduction to Safeguarding children training (which is updated regularly – Hertfordshire Safeguarding Children Board advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition, all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.</p> <p>Temporary staff and volunteers will be made aware of the safeguarding policies and procedures Policy and staff</p>

	behaviour policy (code of conduct) upon their arrival in school.
Mission Statement	<p>Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they have a worry or concern.</p> <p>Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a child.</p> <p>Ensure children know that there are adults in the school whom they can approach if they are worried.</p> <p>Ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.</p> <p>Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.</p> <p>Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child, in accordance with the KCSIE procedures, KWS staff code of conduct and any other related policies.</p>
Implementation, Monitoring and Review of the Child Protection Policy	<p>The policy will be reviewed annually by the Trust Board. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.</p>

2. STATUTORY FRAMEWORK

Working Together to Safeguard Children (DfE 2015) requires each school to follow the procedures for protecting children from abuse which are established by the Hertfordshire Safeguarding Children Board.

Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

- (a) a child may have been abused or neglected or is at risk of abuse or neglect
- (b) a member of staff has behaved in a way that has, or may have, harmed a child or that indicates they would pose a risk of harm.

3. THE DESIGNATED LEADER

N.B. Keeping Children Safe in Education, DfE 2019 refers to this role as Designated Safeguarding Lead - DSL

Governing bodies/Trust boards and proprietors should ensure that the school or college designates an appropriate senior member of staff to take lead responsibility for child protection. This person should have the status and authority within the school to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

During term time the designated safeguarding lead and or a deputy will always be available (during school or college hours) for staff in the school to discuss any safeguarding concerns and individual arrangement for out of hours/out of term activities will be:

The Designated Senior Leader for Child Protection in this school is:

NAME: Mrs Amy Francis

There will be a Deputy Designated Senior Leader (DDSL) in the absence of the lead DSP.

The Deputy Designated Senior Leaders for Child Protection in this school are:

NAME: Mr Tony Smith and Grace Aikman

The broad areas of responsibility for the Designated Senior Person are:

➤ **Managing referrals and cases**

- Refer all cases of suspected abuse or neglect to the Local Authority Children's Services (Safeguarding and Specialist Services) , Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern
- Liaise with the Head Teacher or Principal to inform him/ her of issues- especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations

- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with

consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.

- Ensure appropriate staff e.g. The Designated Teacher for LAC/Post LAC have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

➤ **Training**

The Designated Senior Leader should undergo formal training every two years. The DSL should also undertake Prevent awareness training. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments) at least annually to:

1. Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments
2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
3. Ensure each member of staff has access to and understands the school's or college's safeguarding and child protection policy and procedures, especially new and part time staff
4. Be alert to the specific needs of children in need, those with special educational needs and young carers
5. Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
6. Be able to keep detailed, accurate, secure written records of concerns and referrals
7. Obtain access to resources and attend any relevant or refresher training courses
8. Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them

➤ **Raising Awareness**

- The designated safeguarding person should ensure the school's policies are known, understood and used appropriately.

- Ensure the school's safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with governing/trust bodies or proprietors regarding this.
- Ensure school staff read the Child Protection Policy on an annual basis. Staff will declare that they have read the policy and this information will be maintained and monitored by the school. (See Appendix 2 -)
- Ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this.
- Link with the Local Safeguarding Children's Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Where children leave the school, ensure the file for safeguarding and any child protection information is sent to any new school /college as soon as possible but transferred separately from the main pupil file.
- Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information.)

4. THE TRUST BOARD

Governing/trust boards and proprietors must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are effective and comply with the law at all times.

The nominated trustee for child protection is:

NAME: Helen Parkinson

The responsibilities placed on governing/trust boards and proprietors include:

- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2019) – Appendix 1 and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding

- appointing an appropriate senior member of staff to act as the Lead Designated Senior Leader. It is a matter for individual schools and colleges as to whether they choose to have one or more Deputy Designated Senior Leaders.
- ensuring that all of the Designated Senior Leaders (including deputies) should undergo formal child protection training every two years (in line with LCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare of children and young people as well as creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- ensuring that children are taught about safeguarding in an age appropriate way
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing/trust bodies and proprietors is provided in Annex C of **Keeping Children Safe in Education (DFE 2019)**- available at http://www.thegrid.org.uk/info/welfare/child_protection/policy/national.shtml
- Having a board level lead to take leadership responsibility for the organisation's safeguarding arrangements

5. WHEN TO BE CONCERNED

A child centred and co-ordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, all professionals should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help

Families First is Hertfordshire's programme of early help services for families. A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst and will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to

receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services (Safeguarding and Specialist Services) if the child's situation doesn't appear to be improving.

Staff and volunteers working within the School should be alert to the potential need for early help for children also who are more vulnerable. For example:

- **Children with a disability and/or specific additional needs.**
- **Children with special educational needs.**
- **Children who are acting as a young carer.**
- **Children who are showing signs of engaging in anti-social or criminal behaviour.**
- **Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence.**
- **Children who are showing early signs of abuse and/or neglect.**

School and college staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They should also be aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.

Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration;
- ❖ Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs;
- ❖ Communication barriers and difficulties
- ❖ Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)

- ❖ Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- ❖ A disabled child or child with SENs understanding of abuse.
- ❖ Lack of choice/participation
- ❖ Isolation

Peer on peer abuse (see also Appendix 5- Addendum)

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- whether the perpetrator has repeatedly tried to harm one or more other children; or
- Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be either physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Hertfordshire County Council recommends that education settings use The Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to help professionals; assess and respond appropriately to sexualised behaviour. The traffic light tool can be found at www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.

Guidance on responding to and managing sexting incidents can be found at http://www.thegrid.org.uk/info/welfare/child_protection/reference/index.shtml#sex

6. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff / volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Senior Person without delay

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a school /college staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

7. RECORD KEEPING

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record the concern as soon as possible after the conversation.
- Do not destroy the original notes in case they are needed by a court
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions- brief notes may be useful

All written records should be immediately inputted into CPOMS and the DSL notified. No copies should be retained by the member of staff or volunteer.

The Designated Senior Leader will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police). Also see the KWS Confidentiality Policy
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This may ultimately not be in the best interests of the child.

- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused: flowchart.

Hertfordshire Children's Services (including out of hours) 0300 123 4043.

If any member of staff is concerned about a child he or she must inform the Designated Senior Leader. The Designated Senior Leader will decide whether the concerns should be referred to Children's Services: Safeguarding and Specialist Services. If it is decided to make a referral to Children's Services: Safeguarding and Specialist Services this will be discussed with the parents, **unless to do so would place the child at further risk of harm.**

While it is the DSL's role to make referrals, any staff member can make a referral to Children's Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSL, the DSL should be informed as soon as possible.

If a **teacher or member of school staff** in the course of their work, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher or other member of staff if applicable** must report this to the DSL or colleague deputising immediately and police will be informed. However, as stated above, if the member of staff is unable to liaise with the DSP at the time and believes a child to be at immediate risk of FGM they should contact the police themselves as a matter of the utmost urgency. The DSL should then be informed as soon as possible. **This is a mandatory reporting duty.** See Appendix 1- Keeping Children Safe in Education (DfE 2019): Annex A for further details.

If the allegations raised are against other children, the school should follow section 4.4 of the Hertfordshire Safeguarding Children Board Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations (record of concern pro-forma is available on the Hertfordshire Grid for Learning).

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Leader will inform the social worker responsible for the case and

transfer the appropriate records to the Designated Senior Leader at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Senior Leader is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

Katherine Warrington School will ensure the Child Protection Policy is available publicly, either via the school or college website or by other means.

Parents should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material;

(The school may also consider not informing parent(s) where this would place a member of staff at risk).

Ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school staff should do if they have concerns about safeguarding practices within the school

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Head Teacher. Where there are concerns about the Head Teacher, this should be referred to the Chair of the Trust.

The Chair of the Trust in this school is:

NAME: Helen Parkinson CONTACT NUMBER: 01582 314777

In the absence of the Chair of the Trust, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME: Jenny Howarth CONTACT NUMBER: 01582 314777

In the event of allegations of abuse being made against the Head Teacher, where the Head Teacher is also the sole Proprietor of an independent school or where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Leader if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2019, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of the Trust will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

Children's Services – 0300 123 4043
SOOHS (Out of Hours Service - Children's Services) – 0300 123 4043

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation meets the threshold for safeguarding, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer, inform the subject of the allegation.

For further information see:

HSCB Inter-agency Child Protection and Safeguarding Children Procedures (Electronic) Section 4.1 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/ school code of conduct / staff behaviour policy and Safer Recruitment Consortium document **Guidance for safer working practice for those working with children and young people in education settings (September 2019)** available at http://www.thegrid.org.uk/info/welfare/child_protection/allegations/safe.shtml

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college's behaviour management policy for more information.

APPENDIX 5: ADDENDUM TO POLICY

The following additional information should be read in conjunction with the section, 'Peer on Peer Abuse' on page 11.

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as “banter” or “part of growing up”.

In order to minimise the risk of peer on peer abuse the school:

- **Provides a developmentally appropriate PSHE curriculum which develops students' understanding of acceptable behaviour and keeping themselves safe.**
- **Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued.**
- **Develop robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).**
- **Have relevant policies in place (e.g. Behaviour Policy).**

1. Scope and definitions

This addendum applies during the period of school closure due to COVID-19, and reflects updated advice from our local safeguarding partners Hertfordshire Safeguarding Children Partnership and Hertfordshire local authority (LA)

It sets out changes to our normal child protection policy in light of the Department for Education's guidance [Coronavirus: safeguarding in schools, colleges and other providers](#), and should be read in conjunction with that policy.

Unless covered here, our normal child protection policy continues to apply.

The Department for Education's (DfE's) definition of 'vulnerable children' includes those who:

- Have a social worker, including children:
- With a child protection plan
- Assessed as being in need
- Looked after by the local authority
- Have an education, health and care (EHC) plan

2. Core safeguarding principles

We will still have regard to the statutory safeguarding guidance, [Keeping Children Safe in Education](#).

Although we are operating in a different way to normal, we are still following these important safeguarding principles:

- The best interests of children must come first
- If anyone has a safeguarding concern about any child, they should continue to act on it immediately
- A designated safeguarding lead (DSL) or deputy should be available at all times (see section 4 for details of our arrangements)
- It's essential that unsuitable people don't enter the school workforce or gain access to children
- Children should continue to be protected when they are online

3. Reporting concerns

All staff and volunteers must continue to act on any concerns they have about a child immediately. It is still vitally important to do this, both for children still attending school and those at home. Staff and Volunteers should update CPOMS in the usual way and alert the DSP immediately.

As a reminder, all staff should continue to work with and support children's social workers, where they have one, to help protect vulnerable children.

4. DSL (and deputy) arrangements

We aim to have a trained DSL or deputy DSL on site wherever possible. Details of all important contacts are listed in the 'Important contacts' section at the start of this addendum.

We will keep all school staff and volunteers informed by email as to who will be the DSL (or deputy) should there be any changes to published information, and how to contact them.

We will ensure that DSLs (and deputies), wherever their location, know who the most vulnerable children in our school are.

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for co-ordinating safeguarding. This will be the Head teacher. You can contact them at: head@kwschool.co.uk

The senior leader will be responsible for liaising with the off-site DSL (or deputy) to make sure they (the senior leader) can:

- Identify the most vulnerable children in school
- Update and manage access to child protection files, where necessary
- Liaise with children's social workers where they need access to children in need and/or to carry out statutory assessments

5. Working with other agencies

We will continue to work with children's social care, and with virtual school heads for looked-after and previously looked-after children.

We will continue to update this addendum where necessary; to reflect any updated guidance from:

- Our local safeguarding partners
- The local authority about children with education, health and care (EHC) plans, the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need

The following guidance can be found here:

<https://www.hertfordshire.gov.uk/services/Childrens-social-care/Child-protection/Hertfordshire-Safeguarding-Children-Partnership/hscp.aspx>

6. Monitoring attendance

As most children will not be attending school during this period of school closure, we will not be completing our usual attendance registers or following our usual procedures to follow up on non-attendance.

The exception to this is where any child we expect to attend school during the closure doesn't attend, or stops attending. In these cases we will:

- Follow up on their absence with their parents or carers, by phone or email contact
- Notify their social worker, where they have one

We are using the Department for Education's daily online attendance form to keep an accurate record of who is attending school.

7. Peer-on-peer abuse

We will continue to follow the principles set out in part 5 of Keeping Children Safe in Education when managing reports and supporting victims of peer-on-peer abuse.

Staff should continue to act on any concerns they have immediately – about both children attending school and those at home. Concerns should be directed to the DSP and Deputy DSP.

8. Concerns about a staff member or volunteer

We will continue to follow the principles set out in part 4 of Keeping Children Safe in Education.

Staff should continue to act on any concerns they have immediately – whether those concerns are about staff/volunteers working on site or remotely.

We will continue to refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

We will continue to refer potential cases of teacher misconduct to the Teaching Regulation Agency. We will do this using the email address Misconduct.Teacher@education.gov.uk for the duration of the COVID-19 period, in line with government guidance.

9. Support for children who aren't 'vulnerable' but where we have concerns

We have the option to offer places in school to children who don't meet the Department for Education's definition of 'vulnerable', but who we have safeguarding concerns about. We will work with parents/carers to do this. If these children will not be attending school, we will put a contact plan in place, as explained in section 10 below.

10. Contact plans

We have contact plans for children with a social worker and children who we have safeguarding concerns about, for circumstances where:

- They won't be attending school (for example where the school, parent/carer and social worker, if relevant, have decided together that this wouldn't be in the child's best interests); or

- They would usually attend but have to self-isolate

SLT will have plans for:

- How often the school will make contact – this will be at least once a week
- Which staff member(s) will make contact – as far as possible, this will be staff who know the family well
- How staff will make contact – this will be over the phone, by email, or a combination of both

We have agreed these plans (with children’s social care where relevant), and will review them on a weekly basis.

If we can’t make contact, we will follow safeguarding procedures and make contact with the relevant authorities, including Children’s Services and/or the Police.

11. Safeguarding all children

Staff and volunteers are aware that this difficult time potentially puts all children at greater risk.

Staff and volunteers will continue to be alert to any signs of abuse, or effects on pupils’ mental health that are also safeguarding concerns, and act on concerns immediately in line with the procedures set out in section 3 above

For children at home, they will look out for signs like:

- Not completing assigned work or logging on to school systems
- No contact from children or families
- Seeming more withdrawn during any class check-ins or calls

Children are likely to be spending more time online during this period – see section 12 below for our approach to online safety both in and outside school.

See section 13 below for information on how we will support pupils’ mental health.

12. Online safety

12.1 In school

We will continue to have appropriate filtering and monitoring systems in place in school through KWS IT department and systems

12.2 Outside school

Where staff are interacting with children online, they will continue to follow our existing staff behaviour policy/code of conduct/IT acceptable use policy

Technology, whilst supporting remote learning must ensure safeguarding practices at all times. This includes adherence to GDPR, as well as acceptable and appropriate use of voice call, email and video/conference calling.

Staff will continue to be alert to signs that a child may be at risk of harm online, and act on any concerns immediately, following our reporting procedures as set out in section 3 of this addendum.

We will make sure children know how to report any concerns they have back to our school, and signpost them to other sources of support too.

13.3 Working with parents and carers

We will make sure parents and carers:

- Are aware of the potential risks to children online and the importance of staying safe online
- Know what our school is asking children to do online, including what sites they will be using and who they will be interacting with from our school
- Are aware that they should only use reputable online companies or tutors if they wish to supplement the remote teaching and resources our school provides
- Know where else they can go for support to keep their children safe online.

Local information and support will be made available to parents via email, and social media platforms such as Twitter, as schools receive this.

13. Mental health

Where possible, we will continue to offer our current support for pupil mental health for all pupils. We will also signpost all pupils, parents and staff to other resources to support good mental health at this time.

When setting expectations for pupils learning remotely and not attending school, teachers will bear in mind the potential impact of the current situation on both children's and adults' mental health.

14. Staff recruitment, training and induction

14.1 Recruiting new staff and volunteers

We continue to recognise the importance of robust safer recruitment procedures, so that adults and volunteers who work in our school are safe to work with children.

We will continue to follow our safer recruitment procedures, and part 3 of Keeping Children Safe in Education.

In urgent cases, when validating proof of identity documents to apply for a DBS check, we will initially accept verification of scanned documents via online video link, rather than being in physical possession of the original documents. This approach is in line with revised guidance from the DBS.

New staff must still present the original documents when they first attend work at our school.

We will continue to do our usual checks on new volunteers, and do risk assessments to decide whether volunteers who aren't in regulated activity should have an enhanced DBS check, in accordance with paragraphs 167-172 of Keeping Children Safe in Education.

14.2 Staff 'on loan' from other schools

We will assess the risks of staff 'on loan' working in our school, and seek assurance from the 'loaning' school that staff have had the appropriate checks.

We will also use the DBS Update Service, where these staff have signed up to it, to check for any new information.

14.3 Safeguarding induction and training

We will make sure staff and volunteers are aware of changes to our procedures and local arrangements.

New staff and volunteers will continue to receive:

- A safeguarding induction
- A copy of our children protection policy (and this addendum)
- Keeping Children Safe in Education part 1

We will decide on a case-by-case basis what level of safeguarding induction staff 'on loan' need. In most cases, this will be:

- A copy of our child protection policy and this addendum
- Confirmation of local processes
- Confirmation of DSL arrangements

14.4 Keeping records of who's on site

We will keep a record of which staff and volunteers are on site each day, and that appropriate checks have been carried out for them.

We will continue to keep our single central record up to date.

We will use the single central record to log:

- Everyone working or volunteering in our school each day, including staff 'on loan'
- Details of any risk assessments carried out on staff and volunteers on loan from elsewhere

15. Children attending other settings

Where children are temporarily required to attend another setting, we will make sure the receiving school is provided with any relevant welfare and child protection information.

Wherever possible, our DSL (or deputy) and/or special educational needs co-ordinator (SENCO) will share, as applicable:

- The reason(s) why the child is considered vulnerable and any arrangements in place to support them
- The child's EHC plan, child in need plan, child protection plan or personal education plan
- Details of the child's social worker
- Details of the virtual school head

Where the DSL, deputy or SENCO can't share this information, the senior leader(s) identified in section 4 will do this.

We will share this information before the child arrives as far as is possible, and otherwise as soon as possible afterwards.

16. Monitoring arrangements

This policy will be regularly reviewed as guidance from the local safeguarding partners, the LA or DfE is updated, and when required this policy will be updated by the Headteacher and DSP. At every review, it will be approved by the full Trust Board

17. Links with other policies

This policy links to the following policies and procedures:

- Child protection policy
- Staff code of conduct
- IT acceptable use policy
- Health and safety policy
- Online safety policy
