

## Issue 119 - 27.11.25

### Heads up

Dear KWS Family,

I am delighted to share some of the wonderful activities and achievements happening in and around our school as we continue to build a thriving and engaging environment for our students.

We recently welcomed MP Victoria Collins to KWS during UK Parliament Week. She spent valuable time speaking with our Student Council and engaging with prospective Politics students, offering insightful perspectives on the democratic process and the role of a Member of Parliament. The process to elect our new student leadership is well underway. We have had a fantastic response, with 14 applicants who have presented to both staff and students as part of our rigorous hustings process. Voting is taking place now, and there is great excitement to see who will be voted as our new Head Students for 2025/2026. This process is a crucial part of developing leadership and civic responsibility within our school.

This is a critical term for our Year 13 students as they move into the final stages of their school careers and prepare for their summer examinations. Our students are now diligently preparing for their crucial mocks, which are fast approaching. To provide essential support during this intensive period, we recently held a vital Consultation Evening for our Year 13 students and their families. This event provided an excellent forum for detailed discussions about academic progress, revision strategies, and planning for their next steps. A sincere thank you to all the parents and carers who took the time to attend. Your continued collaboration and support for our students at home is absolutely invaluable as they navigate the demands of their final year.

I had the pleasure of watching some truly great performances from our Year 10 Performing Arts BTEC students as they prepared for their upcoming assessment. The talent on display in both acting and dance was exceptional. A huge thank you to the parents who came along to watch and show their support for these dedicated students.

We were thrilled that our Year 7s enjoyed a wonderful performance of Romeo and Juliet by Anthony Glen last week. Next week Anthony will be returning to provide our Year 9 students with a production of Julius Caesar.

KWS continues to be at the heart of the community by hosting several events recently. We were proud to host the Rotary Club Technology Tournament, fostering innovation and engineering skills among young people. We also hosted the local primary schools' badminton tournament, welcoming younger students to our excellent sporting facilities.

Hoping our students gain the most from the Occasional Day and looking forward to seeing them recharged and ready to go, when we return on Monday.

Have a great weekend.

**David Martin**  
**Headteacher**

---

## Absence Reporting

This is an important reminder that it is a parent/guardian's a key responsibility to report your child's absence by 8.30am on the first day of absence and every subsequent day thereafter.

Our preferred choice for absence reporting for on the day illness or medical appointments is via the Arbor Parent Portal App (user guide is shown below) or to telephone the 24hr school absence line on 01582 314800.

If the absence is a request for leave for a medical appointment or other reason in advance, please email [absence@kwschool.co.uk](mailto:absence@kwschool.co.uk)

When reporting absences please provide:

Your child's name and form group and give as much detail as possible for the reason of absence, avoiding terms such as 'unwell' or 'under the weather'

If you fail to contact the school to inform us of your child's absence, or fail to respond to our attempts to contact you, this will be referred to our safeguarding team who may consider it appropriate to complete a safe and well check. The absence may also be classified as an unauthorised absence.

When staff from both the attendance and safeguarding team take time out of their day to chase families, it detracts from the support we can offer to students in school.

If you feel you would like support with your child's attendance or wellbeing, please do not hesitate to contact their Head of Year.

If you wish to discuss anything further regarding attendance matters, then please contact Chrissy Dicks or Katrina Linehan, Attendance Managers via the absence email address detailed above.

Reporting absences through the Arbor Parent Portal App

It is now possible to report on the day absences quickly and easily using the Arbor parent portal

app.

Go to the home page of the Arbor app, click on the orange Quick Actions tab, click attendance, and on the right-hand side you will see a green box, click 'Log Absence'.

You can input a start and end time for the absence and type in the reason for the absence.

By default, the absence start and end times reflect the student's full day, but these can be adjusted as needed. Once you have filled in this data, click 'Log Absence' and this will be visible to the school attendance team.

## Mrs Dicks Attendance Manager

---

We are currently accepting donations to support those who may need it at Christmas time this year. Please bring donations to Miss McCormick in reception by Thursday 18th December.

Here are some examples of items we are accepting:

- Crisps
- Chocolate
- Drinks - J20/ Shloer etc (anything non - alcoholic)
- Crackers
- Sweets
- Cheese Straws
- Mince Pies
- Christmas Puddings
- Selection boxes
- Anything tinned or long life
- Any other Christmas snacks

This weeks house point winner are **Keller. Congratulations!**

## Rotary Technology Competition

On Wednesday 26th November 2025, Katherine Warington School hosted 240 students, 60 teams, 12 schools and volunteers all involved with Rotary Technology Tournament. Rotary Technology Tournaments are a challenging and enjoyable way for young people to enrich their STEM learning (Science, Technology, Engineering and Maths). The young people, typically in teams of four, have to solve an interactive technology-based task

## Local MP and Vice President of the Liberal Democrat Party visits Katherine Warington

Earlier this week, we were honoured to welcome Victoria Collins MP, who represents Harpenden and Berkhamsted, and is the recently elected Vice President of her party. To mark Parliament Week 2025, her talk offered a clear and candid overview into the demanding role of an MP and the wider workings of Parliament. We enjoyed learning about the functions and limits ...

## KWS Sports News

Well done to the Year 9 and 10 football teams on both successfully progressing into the 5th round of the National Cup. Both sides have overcome challenging fixtures, including the Year 10s beating last year's finalists, Aldenham. The 5th round is for the last 64 schools in the country still in the

competition, so the challenge will be great. We ...

## Optimising revision

From HFL's Term Times: autumn 2025

### **Misconception 1:**

#### **Reviewing isn't revising**

Too often students confuse reviewing with revising. Reading notes, rewriting them or watching videos is reassuring, but it's too often merely passive reviewing of information. True revision is active, involving memorising, recalling and applying knowledge. If students can't retrieve information under pressure, it doesn't matter how well they "remembered" when they had notes in front of them. Our exam sessions focus on active application, modelling how to use knowledge in exam conditions, not just revisiting content.

### **Misconception 2:**

#### **Time over effectiveness**

How many hours did you revise for? is a common question, but it's the wrong one to ask. A focused 20-minute session of active recall is far more effective than two hours of distracted note-reading. Students should be asking, What did I master today? and be able to quantify their revision in terms of effectiveness. We design our revision workshops with this in mind, with short, high-impact sessions that show students how to revise smarter, not longer.

### **Misconception 3:**

#### **The private tutor myth**

Private tutors are often touted as the silver bullet, but for many parents they are financially out of reach, and their children need focused guidance rather than general reteaching. Worse still, students may disengage in class, relying on doing the work later with their tutors. We know that the heavy lifting is done by schools and by students revising individually – a tutor supports but doesn't revise for them. Our revision is focused on specific topics so that parents can prioritise their spending, knowing the teaching is exam-informed revision, not generic, individual teaching.

#### **Misconception 4:**

##### **Revision is hard**

There is very little satisfaction to be had from revising – repeatedly running over the same material and routinely highlighting your failings. Students often excuse themselves by saying they find revision difficult, when the problem isn't cognitive but motivational. Our interactive sessions aim to inject a little more interest than usual. Some schools even organise revision parties, where schools block book our revision workshops and have pizza alongside. In the main, though, students need to accept that the challenge of revision is about sitting comfortably with the tedium.

While we often focus on what students should do, sometimes the most powerful advice is what to avoid. By naming and addressing the four common misconceptions above, teachers can help students revise with purpose and with confidence.

Our low-cost revision workshops – for GCSE English, maths and science and A level maths – help students review key topics, practise exam-style questions, and build confidence before their mock and summer exams. They are a good investment for Pupil Premium students and can be shared with parents and carers through your newsletter as they complement the work you're doing in school.

## HOP Into Apprenticeships & T Levels – Hertfordshire Virtual Careers Fair

Dear Parents and Carers,

We're pleased to invite you to the **HOP into Apprenticeships & T Levels – Hertfordshire Virtual Careers Fair**, a free online event designed to help you, and your child explore future career pathways and training opportunities. Please register by Monday 19th January 2026 [for your free ticket by clicking here: HOP into Apprenticeships and T Levels](#) at is the Virtual Careers Fair?

This **free to attend event** is for parents, carers, and students to explore apprenticeships and T Levels. Visit different exhibitor rooms on a 10-minute rotation to learn about the programmes and opportunities available from local employers, colleges, and training providers.

**Why Attend?**

This event offers many benefits, including:

- Free of charge to attend (fully funded by Hertfordshire Careers Hub)
- Find out more about apprenticeships and T Level programmes with local training providers and colleges
- Hear directly from Hertfordshire employers about opportunities and the recruitment process
- Discover more about the skills and training provision being offered within Hertfordshire
- Select which breakout room you would like to hear from
- Ask questions and gather information from the comfort of your own home

**Who Should Attend?**

This event is open to all parents and carers but will be particularly useful for those supporting children in Years 10, 11, 12 and 13. Students in these year groups are also welcome to attend.

**Book Your Place Today [HOP into Apprenticeships and T Levels](#)**

Spaces are limited, so we encourage you to book early to avoid missing out. Take this opportunity to discover inspiring career pathways and learn more about how to support your child's next steps.

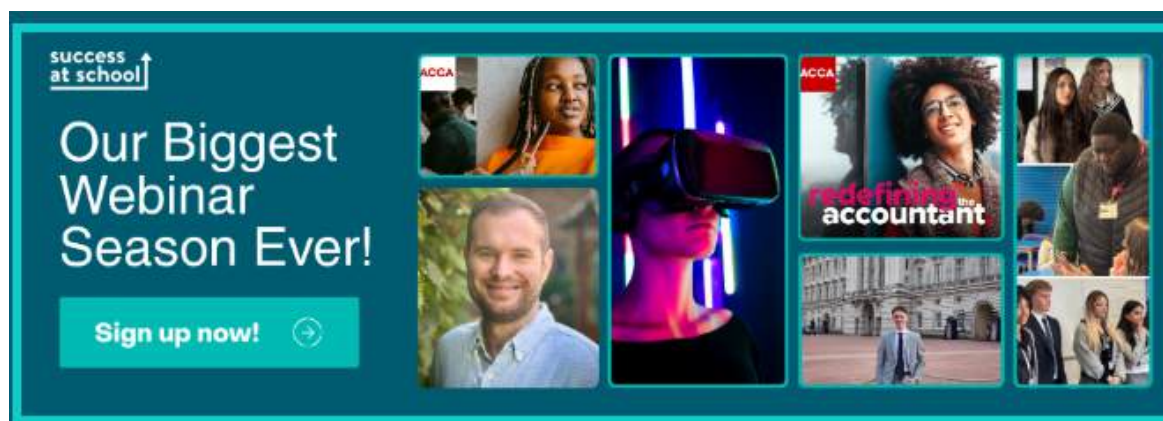

Need the attendee guidance ahead of the event to help you prepare, please register by Monday 19th January, 2026 [for your free ticket by clicking here: HOP into Apprenticeships and T Levels](#) and for further info here: [The Hertfordshire Virtual Careers Fair for parents and carers](#)

Revision Masterclasses

# 2026 AQA GCSE ENGLISH LANGUAGE WRITING & LITERATURE REMOTE REVISION MASTERCLASSES.

Designed to motivate and challenge students in an engaging and focused learning environment, our remote revision masterclasses will help boost students' skills and confidence.

These popular online revision sessions return for 2026.

Led by highly experienced subject specialists, each masterclass will focus on:

- supporting your child to feel 'exam ready'
- providing students with tried and tested exam strategies and revision techniques
- sharing high quality responses and model answers to support learning
- directly responding to any text/exam related questions that students may have.

All workshops will be recorded and accessible via the confirmation email link, allowing booked students to watch the sessions at any time up to their exam.

**EARLY BIRD OFFER – SAVE 15% WHEN YOU BOOK BEFORE 1ST JANUARY 2026**

## AQA GCSE ENGLISH LITERATURE: REMOTE REVISION MASTERCLASSES

Saturday 7th February 2026, 9:30–11:30am	MACBETH
Saturday 7th February 2026, 1:30–3:30pm	ROMEO AND JULIET
Saturday 14th February 2026, 9:30–11:30am	A CHRISTMAS CAROL
Saturday 28th February 2026, 9:30–11:30am	AN INSPECTOR CALLS
Saturday 7th March 2026, 9:30–11:30am	POWER AND CONFLICT POETRY
Saturday 14th March 2026, 9:30–11:30am	LOVE AND RELATIONSHIPS POETRY
Saturday 14th March 2026, 1:30–3:30pm	WORLDS & LIVES (NEW FOR 2026)
Saturday 21st March 2026, 9:30–11:30am	UNSEEN POETRY

**£20**

per student per  
2-hour  
Literature session

## AQA GCSE ENGLISH LANGUAGE: REMOTE WRITING MASTERCLASSES

Tuesday 31st March 2026, 10:00–11:30am	PAPER 1: CREATIVE WRITING

# AQA GCSE SCIENCE REMOTE REVISION SESSIONS – SPRING 2026.

Delivered by HFL Education's experienced science advisers, these online sessions are designed to motivate and challenge students through active and engaging revision. The sessions run throughout the spring term, with 9 sessions targeted at Grades 6/7 and 14 targeted at Grades 4/5.

**The sessions will focus on:**

- supporting students to feel exam ready
- providing tried and tested exam strategies and revision techniques
- sharing high-quality responses and model answers
- reviewing key Maths and Required Practical skills within relevant science content
- giving students the opportunity to complete a range of focused revision activities

Each session is 50 minutes long, and the students will be able to interact with the science advisers delivering the session.

The sessions targeting Grades 6/7 will run after school in February and March 2026, while the Grades 4/5 sessions will take place during the Easter holidays, allowing students to attend two or three consecutively with breaks in between.

**EARLY BIRD OFFER – SAVE 15%
