York (Linked subject - English)

23 June (meet 4pm KWS) - 26 June

Step back in time and immerse your students in the rich literary heritage of York, a city that has inspired writers for centuries! This English Literature focused trip offers a unique opportunity to experience texts in their original settings. We will explore the medieval city walls and cobbled streets that provided the backdrop for the famous York Mystery Plays, giving students a visceral connection to early drama. Walk the atmospheric Shambles, which inspired elements of both Dickensian and modern fantasy literature, and discover the historical context behind Gothic novels and Romantic poetry. We'll include a special guided tour focusing on the city's literary connections, allowing students to gather unique insights for essay writing and textual analysis. This is an essential, inspiring, and curriculum-enhancing trip that breathes life into reading, critical theory, and the history of English literature.

£995

Naples (Linked subject - Geography)

24 June (meet 6am Luton airport) - 27 June (10pm Luton airport)

Get ready for the ultimate real-world geography field trip to the spectacular Bay of Naples! This educational adventure will place your students directly into a living, breathing case study of plate tectonics and coastal geomorphology. We will trek up the majestic, active volcano Mount Vesuvius to study volcanic hazards, monitor management, and see the devastating power that buried the ancient cities of Pompeii and Herculaneum. Plus, explore the stunning coastlines and erosional landforms (like stacks and arches) on a day trip to the beautiful Island of Capri, perfect for fieldwork on coastal processes and the impact of tourism. This trip is an essential, unforgettable, and curriculum-linked experience for students studying natural hazards, physical landscapes, and urban growth.

Battlefields (Linked subject - History)

24 June (meet 2am KWS) - 27 June (11pm KWS)

The Great War Immersion Tour is the first concept to take a completely hands-on, activity-based approach to school battlefield tours. By following a fully flexible, classic itinerary and combining passive and active learning elements at each stop, students are deeply engaged in the learning process. Through interaction with historical artifacts and environments, as well as participation in various historical activities, students retain much more information while gaining valuable experience and developing critical thinking skills. This fantastic tour is packed with educational visits. The itinerary includes opportunities to visit the Yser Tower, Hooge Crater Museum, Pond Farm Collection, and Carrière Wellington. Students will also have the chance to participate in the "Last Post" ceremony at the Menin Gate, where they can lay a biodegradable wreath. Additionally, there will be a stop at the Leonidas Chocolate Shop to purchase souvenirs.

£850

CERN (Linked subject - Science)

23 June (4pm KWS) - 26 June (10.30pm KWS)

Prepare for an unforgettable, triple-threat educational adventure to Geneva, Switzerland! This exclusive school trip goes beyond the classroom, offering students a profound insight into the world's most critical scientific and humanitarian efforts. You will journey to the cutting-edge of physics at CERN, witnessing the incredible scale of the Large Hadron Collider (LHC) and exploring the mysteries of the universe. But the inspiration doesn't stop there! We will also tour the United Nations Office at Geneva (UN), seeing global diplomacy in action and learning about international cooperation. Finally, gain powerful, empathetic insight into global humanitarian issues with a visit to the poignant International Red Cross and Red Crescent Museum. This is more than a trip; it's a curriculum-boosting, perspective-changing experience that connects complex subjects like particle physics, international law, and human rights. Space is limited for this extraordinary educational adventure. Secure your place now and inspire your students to become future leaders and innovators!

Tring Museum (within school day)

Get ready for an unforgettable adventure at the Natural History Museum at Tring! This trip offers Year 7 students a unique opportunity to step back in time and explore one of the most world-renowned collections of stuffed animals, from tiny hummingbirds to giant polar bears. The highlight of the day is our outdoor interactive workshop, where students will trade the gallery floors for the fresh air of the surrounding grounds. In this hands-on session, pupils will become field scientists, honing their observation skills and investigating the local ecosystem to see how evolution and adaptation work in the wild.

Whipsnade Zoo (within school day)

Ready for an adventure? Explore the 600 acres Whipsnade Zoo has to offer and see how many of the over 10,000 animals you can see in 1 day.

In School Art Carousel (within school day)

Unleash your inner artist during our exciting Year 7 Art Carousel! This high-energy, hands-on event, led by our very own Art Department, invites students to rotate through a series of fast-paced creative stations. It's a fantastic opportunity to work with specialized materials, learn professional techniques from our expert staff, and see how a single spark of inspiration can transform into a diverse gallery of work by the end of the day.

Total cost for all three trips: £50 (£42 if you have a ZSL membership)
